

# Chatterbox Game - *To get the life I love I need to* (Age 10 - 14 years)

## Instructions to play:

1. Cut off this instruction panel where indicated
2. Fold outer corners to the back along the diagonal lines (so you are left with a central square)
3. Turn over so the folded-in sections are now facing you
4. Fold each pointed edge under so you are left with a square shape with the statement (*To get the life I love I need to*) facing you
5. Turn over
6. Fold in half vertically to create a crease then open back to square shape
7. Fold in half horizontally to create a crease and open back to square shape
8. Insert your thumb and forefinger on each hand under each flap to form a peak
9. Now you are ready to play.
10. While saying the statement - *To get the life I love I need to* - move your fingers in and out, moving the chatterbox for each word of the statement
11. When you stop, read the four options and choose one (for example - *talk to my parents about my future*) then look inside and open the chatterbox to see if this is a good choice (*They can help me*)
