

Communications Manager – Enas (Age 31-50)

Q1: What is your current job/career?

I work in a bank as a communications manager for the last 8 months

Q2: Why did you choose your job/career? - did you have a plan? - what resources if any did you use?

I didn't plan to be a communications manager. I was just chosen for this position coz they needed someone and I was available. I used my people skills, communications skill, writing skills, website skills

Q3: How would you like your job/career to develop and what do you need to do to make the change?

I don't think this is the career i was dreaming about. I like to deal with people, solve their problems if any. do some analysis maybe to avoid problems. I do enjoy what i'm doing sometimes, but get bored someother times.

Q4: When you were a child, what did you want to be when you grew up?

A journalist.

Q5: What challenges do you need to overcome to "get the life you love"?

I really think of resigning and find another job. but now with the economic situation, I guess I will just stay where I am till I get the chance to change. although I like to deal with people, but also being an auditor is something I enjoy.
