

NCDW SPOTLIGHT ON LOCAL EVENTS:

10 May, 2010

National Career Development Week in *Your* Community, 17 to 23 May 2010

The Campbelltown area is again in the national spotlight, with their National Career Development Week (NCDW) activities having been selected as one of 30 Lead Events taking place across Australia during 17 to 23 May 2010.

In 2009, career development activities in the Campbelltown area for the NCDW annual week of celebrations imaginatively included the “You Beaut NCDW Ute”. This year, the organisers finally get to realise their dream of a career development bus – to promote learning and employment opportunities across the Campbelltown local government area.

By bus, community residents will be transported from each of the Housing NSW suburbs in the Campbelltown local government area and visit a number of training and educational providers throughout the region including TAFE campuses, UWS Campbelltown, Registered Training Organisations and other services.

The area was recently selected as the location for the fourth annual launch of the NCDW campaign, in March 2010. The launch event, a special community forum, was held in conjunction with the Macquarie Fields community organisations that form the Learning, Employment and Economic Development Group (LEED), responsible for successful community career development activities organised as part of National Career Development Week in 2008 and 2009.

“Learning Enriches Life” is one of a number of career development activities taking place in the Campbelltown Local Government Area during 17 to 23 May as a *National Career Development Week (NCDW)* registered event. NCDW is an initiative of the Career Industry Council of Australia (CICA) and supported by the Federal Government Department of Education, Employment and Workplace Relations (DEEWR). For more information about the NCDW campaign, see the attached media release or go to www.ncdw.com.au
