Careers week

THE Canning Coalition is promoting career opportunities this week as it stages the Centro Career Hunt.

The event is a career transition initiative held as part of National Career Development Week.

More than 100 participating Year 10 students from local schools will work in small groups to collect information about a range of career, job and occupation clues throughout the shopping centre presented in a treasure map.

The students will be exposed to a range of professional, trade and non-trade career pathways with small, medium and large enterprises represented at Centro Maddington.

Each day, Centro will reward the winning students with gift cards and vouchers.
