

## NATIONAL CAREER DEVELOPMENT WEEK

MAY 18 - 24, 2009

# Careers – making the right choice

WITH National Career Development Week taking place, now is the time to be thinking about your future or your children's future.

For students, deciding what to do when you finish school can be a daunting task - with so many opportunities out there - and it is important to know which career is right for you.

Fortunately, the Esperance Local Community Partnership (ELCP) has organised a series of events to help students make the most of their career opportunities.

The ELCP aims to assist 13-19 year olds with career development by

linking industry, community organisations and service providers with schools.

Curtin VTEC offers a range of local courses on a variety of subjects, while the friendly team at MAX Employment can help you build a resume and find a job.

For those looking for a career in local government, the Esperance Shire also offers a range of jobs for all tastes, and are a great career option for those finishing high school.

For more information on any of these subjects, contact Janet Durrant at the ELCP on 9071 9131.
