

Workplace Coordinator (High School) – Anthony, Age - under 30)

Q1: What is your current job/career?

I am a workplace coordinator for HSC students in the lower and upper Hunter. I help students gain experience in the industry they are studying as part of their Higher School Certificate.

Q2: Why did you choose your job/career? - did you have a plan? - what resources if any did you use?

The Vocational courses the students are studying today, I had the privilege to undertake these same courses when I completed my HSC. I gained so much experience and so many skills from those courses it is a great feeling and an honour to help today's youth have those same experiences I had.

Q3: How would you like your job/career to develop and what do you need to do to make the change?

I am always proactive in seeking great opportunities for our young community studying at school. I believe this will help me develop my career. I never let opportunities go by without taking a look.

Q4: When you were a child, what did you want to be when you grew up?

When I was little all I wanted to be was a police officer. They are well respected and have great impact on our community.

Q5: What challenges do you need to overcome to "get the life you love"?

I believe that if you face day by day challenges you get to live the life you love every single day.
